

# FEAR BUSTERS

Have you ever heard of anyone so absurd  
As the king that tried to kill all the babies,  
Of thousands of terrified Hebrew ladies?

Jochabed was a mom. She wasn't quite so dumb!  
She took a big basket and floated her son,  
It must've been hard, it can't have been fun.

Crocodiles live in the Nile. You'll know they are terribly vile!  
They'd probably find babies delicious to munch.  
But Moses, that baby, they never did crunch.

In God the mom did trust, the Father who's not unjust.  
He planned to use Moses to save everyone,  
He knows what He's doing He gets the job done.

Mom's rescue she hadn't delayed. Moses; his part not yet played.  
Until he was spotted by one of a kind,  
Daughter of the king, "baby!" she did find.

Stepping near to the Nile with one big smile,  
She grabbed him and cuddled this cute little boy,  
Feeling only compassion and God given joy.

"I'll need a good maid, and she'll be well paid"  
And out of the reeds Moses' sister had sprung.  
"My mom's great at looking after the young!"

So that's what they did. Moses only a kid.  
His life he was raised by his own Hebrew mom,  
But an Egyptian Prince he had just become!

Moses was saved. His path God had paved.  
He'd lead and he'd rescue a nation in need,  
The king would eventually stop and concede.

Let's all be aware, and believe if you dare:  
God makes plans for me and He makes plans for you,  
Unimaginable things, but I tell you, it's true!

**BABY MOSES**

# FEAR BUSTERS

## **Im:Merse**

### **Exodus 2:1-10**

1. Who put baby Moses in a basket? (v3)
2. How did baby Moses find his way to Pharaoh's daughter? (v4)
3. Who was paid to look after baby Moses? (v8-9)

### **Think about...**

Out of all the little babies that were born, Moses was protected until he was found by the king's daughter. God was watching over Moses. What kind of God do you think does this? Is He Good? Bad? Angry? Sad? Happy? Loving? Discuss this together.

## **Im:Itate**

When we talk about a person's character we are talking about the type of person they are. We can tell what God is like by looking at how He speaks and what He does in the Bible. He looked after Moses because He is a good God with good plans for us.

That means we don't need to be afraid, but we can trust God. We can know that He will protect us.

Give each member of the family a piece of paper and ask everyone to write their name and/or draw a picture of themselves on it. Take turns to pass the pieces of paper and to write or draw good things about each person in your family. They should be things that you are thankful for. Invite the younger members of your family to tell you what they are thankful for about each person.

We were created in God's image (Genesis 1:27) and God is good! There are so many good things about each of us and sometimes we need to be reminded about those good things. God also has good plans for our lives because He is so good!

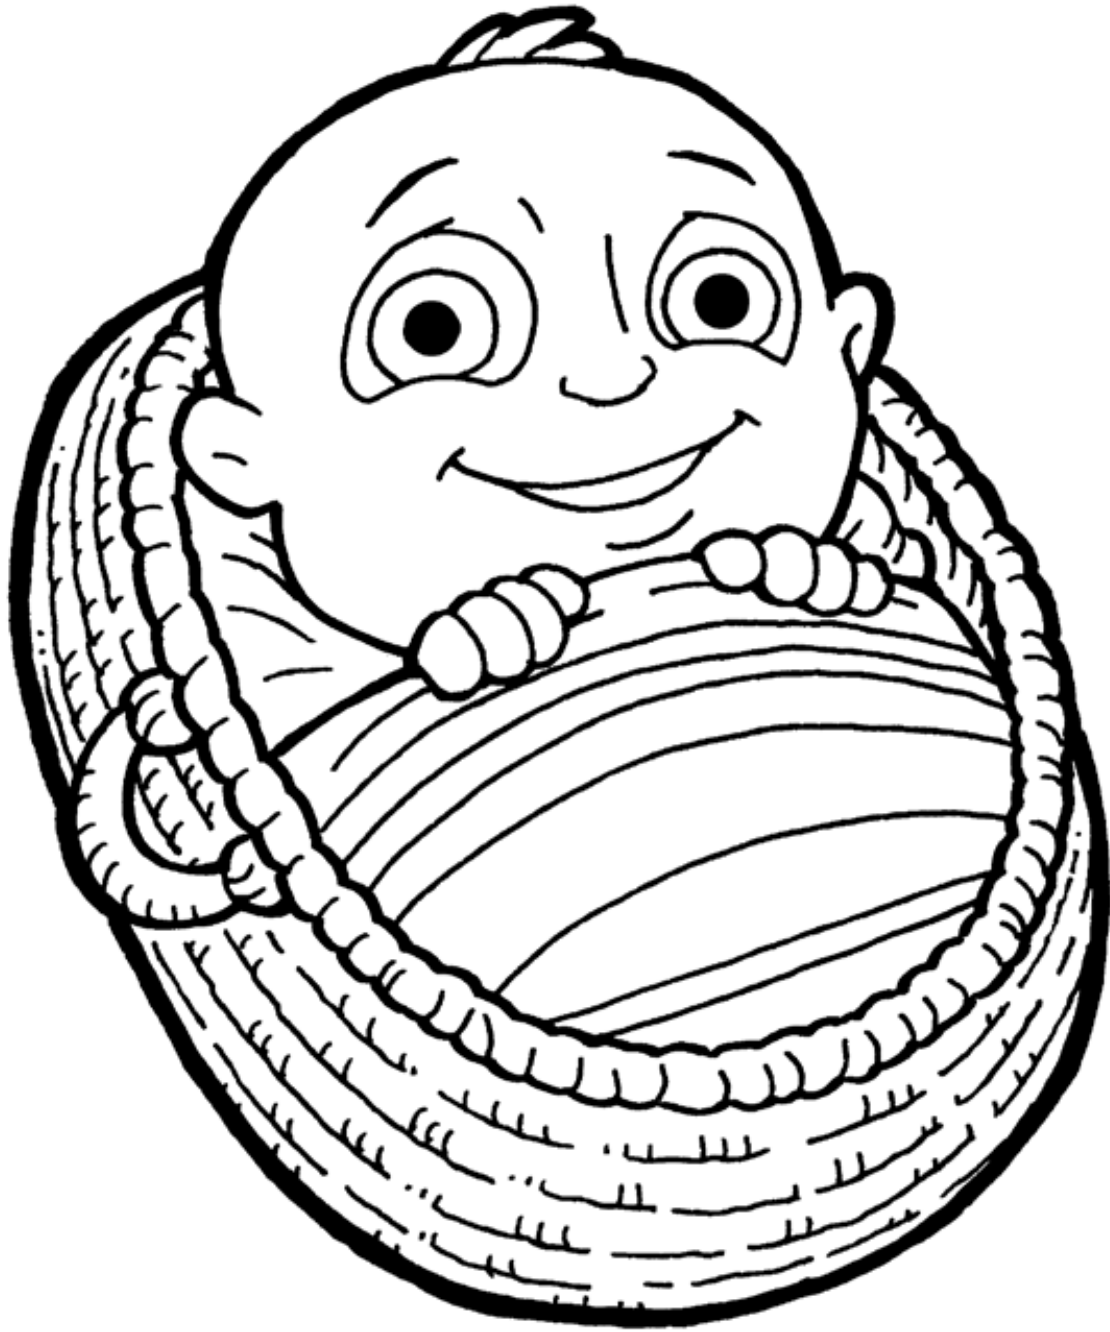

Why not challenge yourselves this week to say good things to and about your family and encourage them when they feel scared.

## **im:Power**

Thank You Father God that there are so many good things about each one of us.  
Thank You that You are so good. Help us to speak good things and to do good works this week. Amen.
